applications, rate schedules, or any other applications or forms prescribed by the Commission.

The exemption applies to companies engaged in the transportation, sale, or resale of natural gas in interstate commerce if: (a) they receive gas at or within the boundaries of the state from another person at or within the boundaries of that state; (b) such gas is ultimately consumed in such state; (c) the rates, service and facilities of such company are subject to regulation by a State Commission; and (d) that such State Commission is exercising that jurisdiction. 18 CFR Part 152 specifies the data required to be filed by pipeline companies for an exemption.

Type of Respondents: Pipeline Companies

Estimate of Annual Burden²: The Commission estimates the total Public Reporting Burden for this information collection as:

FERC-574: Gas Pipeline Certificates: Hinshaw Exemption				
Number of Respondents (A)	Number of Responses Per Respondent (B)	Total Number of Responses (A)x(B)=(C)	Average Burden Hours per Response (D)	Estimated Total Annual Burden (C)x(D)
1	1	1	60	60

The total estimated annual cost burden to respondents is \$4,200 [60 hours * \$70/hour³ = \$4,200].

² The Commission defines burden as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency.
